Permenent
Canteen

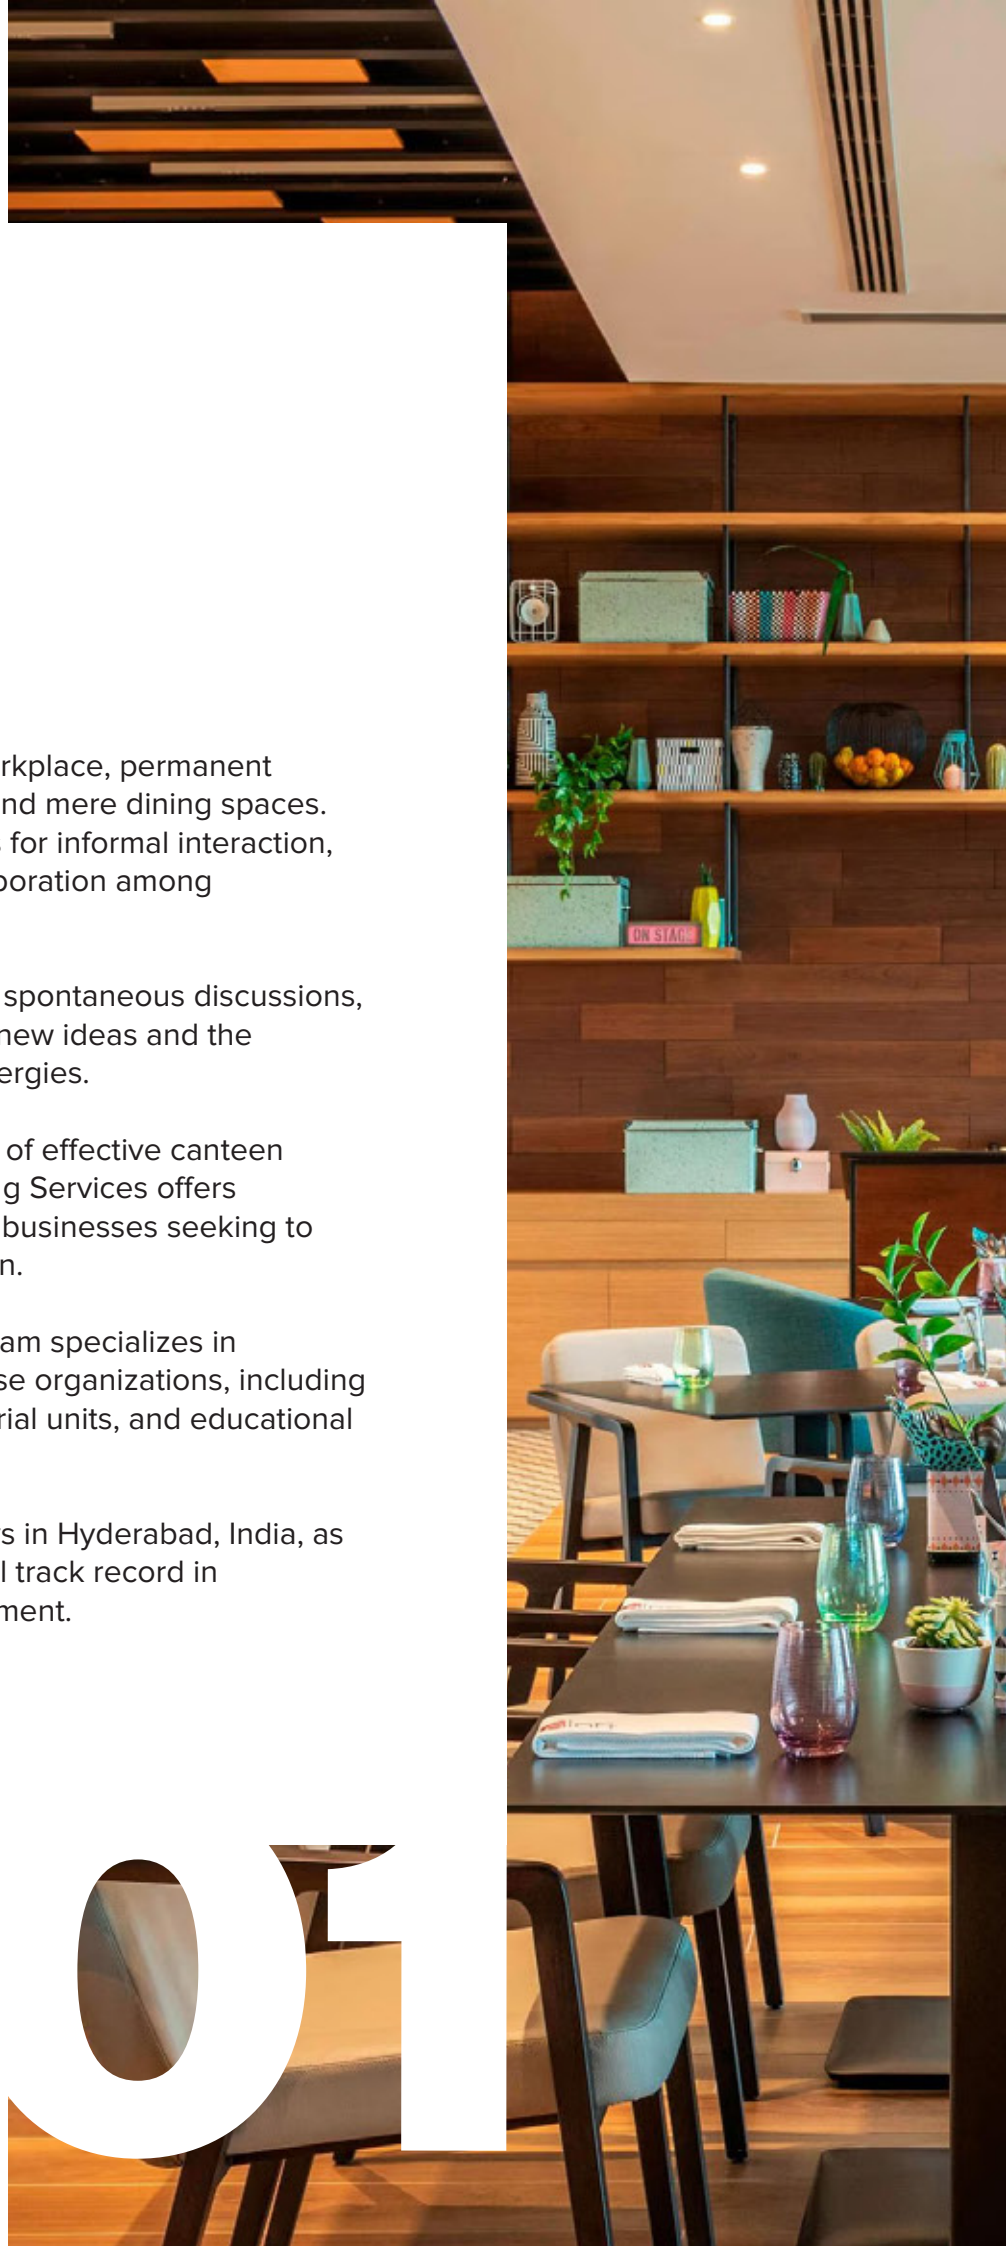

In today's interconnected workplace, permanent canteens have evolved beyond mere dining spaces. They now serve as vital hubs for informal interaction, fostering creativity and collaboration among employees.

Relaxed settings encourage spontaneous discussions, leading to the generation of new ideas and the identification of valuable synergies.

Recognizing the significance of effective canteen management, Afwajh Catering Services offers comprehensive solutions for businesses seeking to outsource this crucial function.

Our experienced in-house team specializes in operating canteens for diverse organizations, including corporate companies, industrial units, and educational institutions.

We are proud to serve Infosys in Hyderabad, India, as a testament to our successful track record in permanent canteen management.

02

Temporary Canteen

Catering for a diverse global workforce requires careful consideration. Providing balanced meals at reasonable prices is crucial when hosting guests, trainees, or staff from various backgrounds at seminars, trainings, meetings, exhibitions, or construction sites.

Afwajh Catering Services LLC deeply values the trust and confidence placed in us by our clients. We are committed to delivering exceptional service with honesty and direct communication in all our interactions.

With extensive experience in establishing temporary canteens for construction sites, exhibitions, seminars, and other events, Afwajh Catering Services prioritizes timely service, the highest quality standards, and cost-effectiveness. We maintain open and transparent communication with our clients throughout the contract period, ensuring quality, performance, and service excellence to maximize value. Our commitment extends beyond our clients; we genuinely care about their needs and satisfaction.

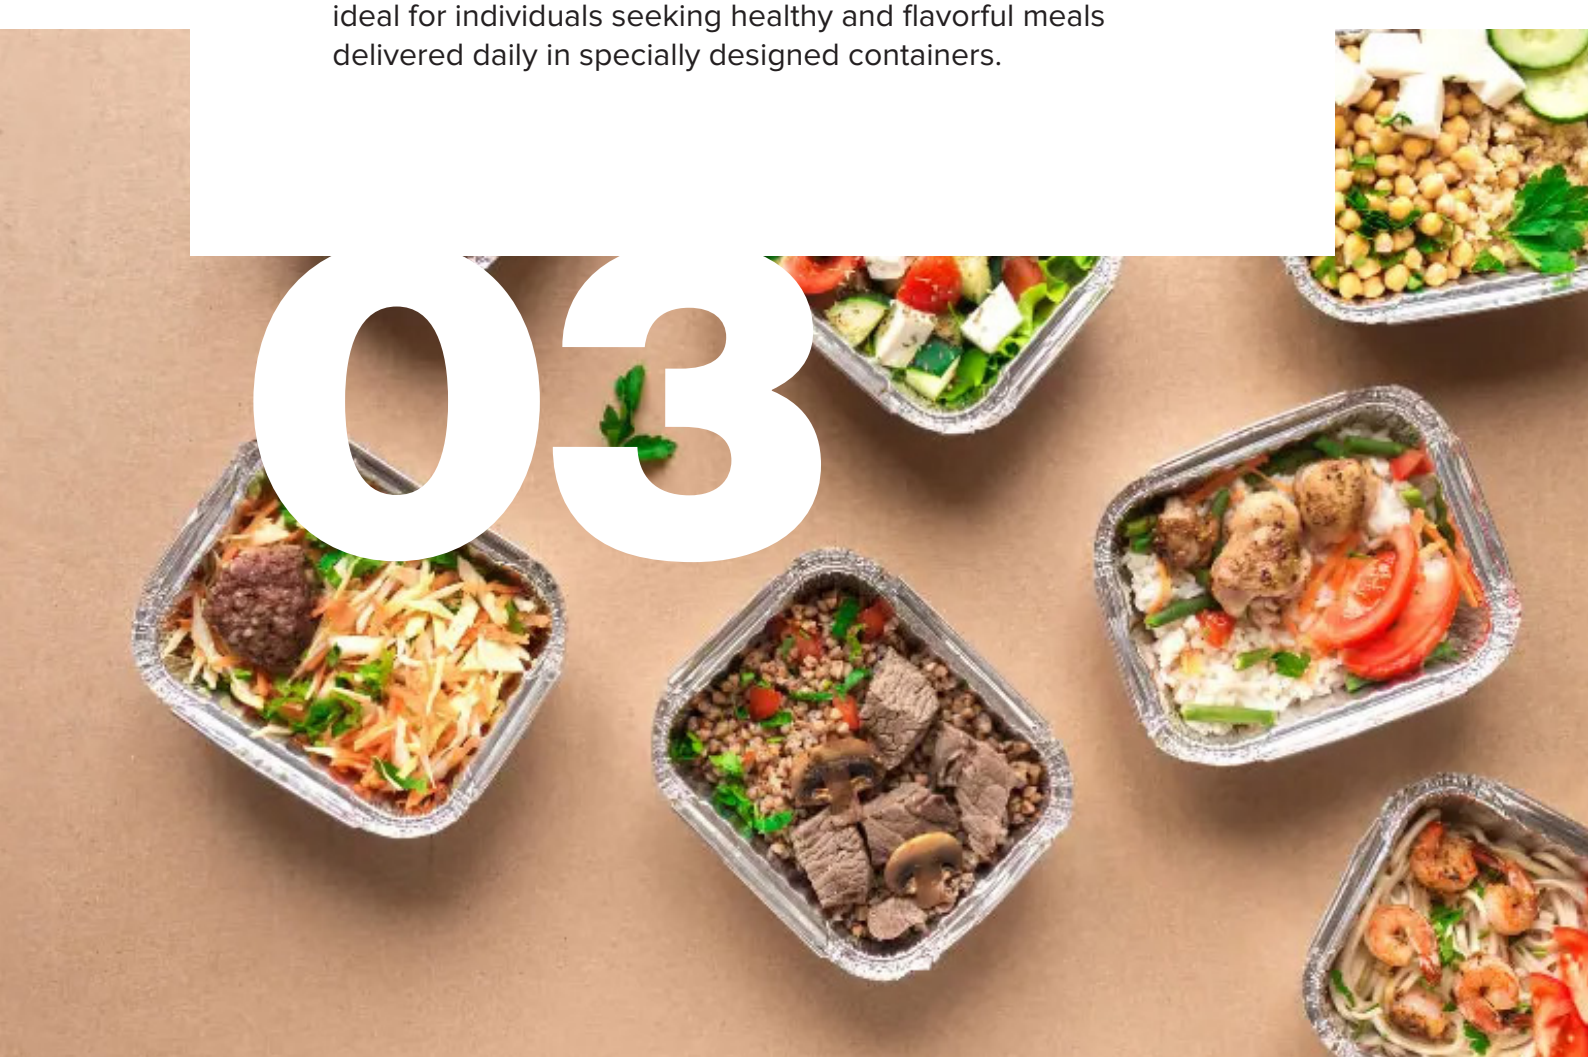

Our esteemed clientele includes renowned companies such as Alec, Reem Capital, Shapoorji Pallonji, Lootha, Emaar, National Paints, AG Engineering, and many more

Tiffin
Services

Afwajh Catering Services offers a home-style cooking and delivery service that frees you from the demands of meal preparation, allowing you to savor the most precious moments in life.

Our Tiffin Services stand out by providing a truly homely dining experience. We go beyond mere business, prioritizing client satisfaction with meticulous attention to detail. We strive to delight our customers with authentic and flavorful cuisine, personalized to make them feel right at home.

Afwajh Catering Services focuses on delivering the best of home-cooked recipes prepared using traditional and authentic methods, ensuring that each dish retains its unique flavor and nutritional value. Our Tiffin Services are ideal for individuals seeking healthy and flavorful meals delivered daily in specially designed containers.

04

Event Services

The success of any event hinges on two crucial elements: inviting the right guests and serving exceptional food.

Our dedicated team collaborates closely with you to craft unforgettable culinary experiences that not only enhance your event but also leave a lasting impression on your guests.

We strive to deliver truly unique and memorable experiences from start to finish. We believe that catering transcends simply providing food – it's about building strong relationships with our clients, understanding their unique vision, and delivering a complete and personalized experience for them and their guests.

Proposal

Afwajh Catering, a Dubai-based company (License# 863488) operating from Business Bay since 2016, specializes in providing catering and site canteen services to businesses in Dubai. We have a proven track record of satisfying customers with high-quality food and timely delivery. Our menu offerings cater to diverse needs, including sandwiches, biryanis, and a variety of hot and cold beverages. We propose to provide canteen services for your labor force at your current construction/project site. We understand that your project has a defined timeline, and we are committed to vacating the premises upon its completion.

We request you to allocate a suitable space within your project plot for us to place a container where we will serve ready-to-eat meals. The only requirements we have are a single-phase electrical connection and a water connection. While main cooking will be conducted at our kitchen, we will prepare tea, coffee, juice, and some sandwiches within the allocated space, ensuring strict adherence to precautionary measures. All other main menu items will be delivered from our kitchen. We will offer affordable prices, and payment will be collected from your staff upon purchase. We assure you of high-quality food and maintain strict hygiene standards throughout the process, including packaging, storage, and serving. Our staff handling food are all professionally trained. Upon project completion, we will promptly remove our container and all equipment from the premises. We will also be responsible for obtaining all necessary government approvals. We eagerly anticipate the opportunity to serve your labor force and hope you favorably consider this proposal.
